FOREWORD

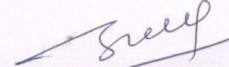

MSME-DI, Thrissur, as part of its activities has prepared the District Industrial Profile of Alappuzha District during 2017-18. The objective of preparing the Industrial Profile of Alappuzha is to make the information readily available in respect of general characteristics of the district, administrative set up, industrial scenario, potential for new MSMEs, details of existing clusters and general issues raised by industry associations etc. to the existing as well as prospective entrepreneurs.

It is expected that this Industrial Profile will be useful for Governmental & Non-Governmental organizations, Promotional & Developmental Agencies engaged in promotion & development of MSME sector in Alappuzha District and also for academicians / research scholars.

I take this opportunity to express my gratitude to District Industries Centre, Alappuzha, officials of State Planning Board, Economic and Statistics Department, Kerala, Department of Mines and Geology and heads of other departments for extending their co-operation in preparing this Industrial Profile.

I also place on records my appreciation to Smt. Kathreenamma Sebastian, IES, Deputy Director and Smt. C.S.Anusha, Asst Director (E.I.) of this institute for their hard work in bringing out the report in this form.

Brief Industrial Profile of Alappuzha District

1. General Characteristics of the District

1.1 Location & Geographical Area.

Bounded on the northeast by Ernakulam and Kottayam districts, on the east by Pathanamthitta, on the southeast by Kollam on district and on the west by the Arabian Sea, this district lies between north latitude 90° 05' and 90° 52' east longitude 76° 17' and 76° 48'.

The climate is moist and hot in the coast, and it is slightly cooler and drier in the interior of the district. The average monthly temperature of this district is approximately 18° C. As in the case of other parts of the State, this district also gets the benefit of two outstanding monsoons.

1.2 Topography

The entire area of the district lies in the low land and the midland divisions, and is the only district in Kerala having no area under the high lands.

SOURCE- DEPT. OF MINING & GEOLOGY.

1.4 FOREST

There is no forest cover in the district.

1.5 Administrative set up.

Alappuzha was formed as **Alleppey District** on August 17, 1957. The name of the district was officially changed to Alappuzha in 1990. The district is a widely known tourist destination, and is well known for its coir factories. Most of Kerala's coir industries are situated in and around Alappuzha. Alappuzha is strongly connected by waterways to various other parts of Kerala,

including the famous tourist destination, Kumarakom.

The two administrative systems prevailing in the district revenue and local self-government, under the revenue system, the district is divided into two revenue divisions, 6 taluks and 91 villages. The two revenue divisions are *Alappuzha* division comprising Cherthala, Ambalapuzha and Kuttanad taluks consisting of 47 villages and *Chengannur* division comprising Karthikapally, Chengannur and Mavelikkara taluks consisting of 44 villages.

5 General issues raised by industry association during the course of meeting

- 1) Most of the banks are not willing to enable CGTMSE facility to the entrepreneurs.
- 2) The minimum guarantee scheme of KSEB may be reinstated.
- 3) The subsidy rate of the enterprises may be enhanced.

- 4) The delay in licensing and clearance from concerned departments may affect the timely implementation of the project.
- 5) Avoid the difficulties due to single window system by modifying it simply. A system of provision of all licenses from a single centre should be formed. There should be a permanent board in district industries centre including all other sections and a permanent system of providing license/clearance through this could be helpful.
- 6) Establish mini-industrial parks in all grama panchayats for industrial entrepreneurs.
- 7) As a part of encouraging coir industry – encourage the establishment of modern mechanized production units in public sector.
- 8) Encourage the establishment of private industrial estates/parks.
- 9) Establishment of multi-storey industrial parks in all districts for attracting industrial entrepreneurs.
- 10) Establish rain water reservoirs in industrial estates and coir parks in order to overcome water scarcity for industrial purpose. Steps should be taken for the reuse and recycling of used water.
- 11) Establish E.T.P's for pollution control in all industrial estates.
- 12) Construct compound walls, internal roads etc in all industrial estates and coir parks for the development of basic facilities.
- 13) Steps could be taken to overcome power scarcity by establishing electric substations. Besides, panels for the utilization of solar energy can be established.
