## FOREWORD

MSME-DI, Thrissur, as part of its activities has prepared the District Industrial Profile of Palakkad District during 2017-18. The objective to prepare the Industrial Profile of Palakkad is to make the information readily available in respect of general characteristics of the district, administrative set up, industrial scenario, potential for new MSMEs, details of existing clusters and general issues raised by industry associations etc. to the existing as well as prospective entrepreneurs.

It is expected that this Industrial Profile also will be useful for Governmental & Non-Governmental organizations, Promotional & Developmental Agencies engaged in promotion & development of MSME sector in Palakkad District and also for academicians / research scholars.

I take this opportunity to express my gratitude to District Industries Centre, Palakkad, officials of State Planning Board, Economic and Statistics Department, Kerala, Department of Mines and Geology and heads of other departments for extending their co-operation in preparing this Industrial Profile.

I also place on records my appreciation to Smt. Kathreenamma Sebastian, IES, Deputy Director and Shri. Krishnakumar .K.R., Asst Director (Stat) of this institute for their hard work in bringing out the report in this form.

31.03.2018  
Thrissur

  
(P.V. Velayudhan)  
Director

6	Steps to set up MSMEs	20-23

# **Brief Industrial Profile of Palakkad District**

## **1. General Characteristics of the District**

Palakkad or Palghat is the land of Palmyrahs and Paddy fields. Along with Kuttanadu, Palakkad is a major Paddy growing area of the state. It is often called as the “Gateway of Kerala”. The district is bounded on the North by Malappuram District, in the East by Coimbatore district of Tamilnadu, in the south by Thrissur district and in the west by Thrissur and Malappuram districts.

### **1.1 Location & Geographical Area**

Palakkad District came into existence as an administrative unit on the 1st January, 1957. Presently Palakkad is the largest District in Kerala. Situated at the foot of the Western Ghats, this is the gateway to Kerala from North. It is bounded on the east by the Coimbatore District of Tamil Nadu, on the north and the north-west by Malappuram District and on the South by Thrissur District. It lies between 10° 20' and 11° 14' north latitude and between 76° 20' and 76° 54' east longitudes. The area of Palakkad District is 4480 sq.km. Palakkad is one among the five Districts in Kerala not having a sea coast. Palakkad District accounts for 11.21 per cent of the total area of the State.

### **1.2 Topography**

The District is divided into two natural divisions viz. Midland and Highland based on the physical features. The Midland region consists of valleys and plains. The eastern region of this District has high mountains, extensive ravines and dense forests. The Western Ghat mountain ranges dominate the District. The entire area lies either in the Midland 8080 metres or in the Highland (above 80 meters). Land slopes up from West to North and North-East to South. The altitude varies between 15 meters in the west and 2500 meters in the north-east which contain high mountain peaks, long spurs, extensive dense forests and tangled jungles. While Ottappalam Taluk lies completely in the Midland region, all other Taluks in the District lie in the Midland and Highland regions.

### **1.3 Availability of Minerals**

The land of the District is classified as undulating region (western part of the plateau), gorge region (central part of the land) and plain (at the foot of the Ghats). The following table shows the production of minerals in the district. The major mineral is granite building stone.

**Table 1: Production of Minerals 2017-18**

Sl No	Name of Mineral	Production in Tons
<b>MAJOR MINERAL</b>		
1	Lime Stone	522293
<b>MINOR MINERAL</b>		
1	Granite Building Stone	5331072
2	Ordinary Earth	355936
3	Laterite	141373
4	Ordinary Sand	12922
5	Brick Clay	381699

*Source: Department of Mines and Geology*

### 1.4 Forest

The woods of the District can be classified as temperate forests, tropical wet evergreen forests (shola), tropical moist deciduous forests. Of these temperate forests are seen in the Silent Valley and in some blocks of Attappady reserves at an elevation of 1500 meters. The shola forests, characterised by the great luxuriance of vegetation having lofty trees of 46 meters often with plank buttresses at the base and shrubby undergrowth are found in higher areas of Attappady valley. The tropical moist deciduous forests grow in the plains upto 500 meters on westerly or southerly slopes of Chanet Nair Reserve, Puliampulli Reserve and the Kumrid slopes in Attappady block I and II.

The forest covers an area of 1628 sq.km including open forest also, which is 36.34 per cent of the total geographical area of the district. The forest of the district is spread over the north eastern portion of the district. The forest area of the district is administered by the Circle Office of the Forest Department at Olavakkode.

### 1.5 Administrative Set Up

There are two systems of administrative set up in the District – Revenue and Local Self Government. Under the revenue system a District is divided into Revenue Divisions, Taluks and Villages. However, for Local Administration, a District is divided into Statutory Towns and Panchayats. For the implementation of development activities Panchayats are grouped under Community Development Blocks. Therefore all these units viz. Taluks, Villages, Panchayats, Panchayat wards, Statutory Towns and Community Development Blocks have their own relevance and importance.

The District now consists of two Revenue Divisions of Ottappalam, comprising of Ottappalam and Mannarkad Taluks (66 Villages) and Palakkad, comprising of Palakkad, Chittur and Alathur Taluks (90 Villages). There are 5 Taluks and 156 Villages in the District. Under the Local Self Government System, the District is divided into 4 statutory Towns and 13 CD Blocks consisting of 91 Panchayats. Palakkad Municipality is one among the oldest Municipalities of the state have completed 130 years. Other Municipal towns are Ottappalam, Shornur and Chittur Tathamangalam

## 2 District at a glance

The following table comprises the information about geographical, administrative, demographical, etc of the district. It will also provide brief idea education, land use pattern and infrastructural facilities of the district.

### 3.5 Major Exportable Item

Medical equipments, Woven bags, Rice, Textile/Garment products, Rubber products, Office & Lab furnitures ,Cosmetics & soaps, Mango, Coconut Oil, Value added products from jackfruits, Handicrafts from forest resources, clay based pottery, Foods products like spices powder, curry powder, Refracting snacks, are major exporting products or have potential to be exported.

### 3.6 Growth Trend

### 3.7 Vendorisation / Ancillarisation of the Industry

**Ancillarisation is happening in the garment sector & light engineering sector**

### 3.8 Medium Scale Enterprises

#### 3.8.1 List of the units in and nearby Palakkad area

The following table shows the Medium Scale Industries in Palakkad and nearby area

**Table 8 Medium Scale Enterprises (as on 31.03.2018)**

SI No	Name of the Unit	Sector(Public/PVT)	Investment (in Lakhs)	Employment
1	A P STEEL RE ROLLING MILL LIMITED	Public Limited Company	600	90
